Racing Wheel Approval - Advantage Web Sulky Wheels

Harness Racing Australia (HRA) has approved the use of Advantage Web Wheels in racing and trial events effective from 1 April 2013.

As part of the HRA approval process the wheels have been tested for strength, durability and performance. This testing is performed by Human Impact Engineering. The wheels have also been used in trials under the supervision of stewards.

The wheels conform to all the requirements of the [HRA Sulky Wheel Approval Policy](#) and meet the [HRA Sulky Wheel Standards](#).

For further details about these wheels contact:
