**INTERESTING FACTS ABOUT THE
ELECTRIC LIGHTING SYSTEM
INSTALLED AT GLOUCESTER PARK.**

There has been over 750 miles of electric wire used.

The largest lighting system in the world.

Association employs over a million and a half candle-power.

The current consumed would light 14,000 homes.

The whole of the controlling electric switches were made in Australia.

To give the artificial daylight effect on the Track means the diffusion of three-quarters of a million candle-power.

The lamp reflectors giving the diffusion were the result of years of study, and were specially designed and patented for The West Australian Trotting Association Incorporated for the benefit of the West Australian public, and the world generally.

The steel poles supporting the lighting of the track are made of weldless high tensile steel tubing, of British manufacture, heavily galvanised, and have a tensile strength of 40 tons per square inch.

The steel poles are supporting a strain equal to 15 tons in mid-air suspension.

There are 1,000 underground electrical wires leaving the Judge's Box, controlling over 800 lamps in the Result and Scratching Boards.

The whole of the above work was carried out by the Association's Electricians, Messrs. C. A. Brear and H. Doonan, of Perth.

4. INTER-DOMINION CHAMPIONSHIP (FIRST DIVISION)

(To Start at 9.20 p.m.)

(A Warning Bell rings Five Minutes and Red Lights are shown Three Minutes before closing of Totalisator.)

Of £375; second horse to receive £75; third horse £25, and horse recording fastest time, whether placed or not, £75 out of the stake. For horses handicapped 2.11 or better. The Championship will be conducted on the Points System. Points will be awarded as follows: First horse, 3 points; second horse, 2 points; and third horse, 1 point. Horses recording fastest time in all Championship events will be awarded 3 points; second fastest time, 2 points; and third fastest time, 1 point. Points will be allotted in the Grand Final, the same as in qualifying divisions.

The horses gaining the greatest aggregate of points will be eligible to start in the Grand Final. The Final will be for nine, but the Grand Council shall have the power to extend the number of starters. The total of points earned by each horse in the divisions will be carried forward into the Grand Final.

In the case of a dead heat, points will be divided equally. In the event of the Grand Champion not being the actual winner of the Final, then monies earned by the winner of the race and the Grand Champion will be equally divided. This applies to monies in the Grand Final only.

MEMORANDA

Automatic Totalisators

Ask for Numbers, Not Names.

A **WARNING BELL** rings Five Minutes before the closing of the Totalisator for each race.

RED LIGHTS are shown at the Totalisator **THREE MINUTES** before the start of each race.

Enclosure, Win or Place, each 5/-, 10/-, 50/-.

Leger, Win or Place, each 5/-

Win and Place Tickets may be purchased at the same window.

THE DATE OF TICKET can be identified by the Electric Light Meeting number.

PLACE TOTE.

Pays First, Second and Third Horse where **SIX** or more starters.

Pays First and Second Horse only where **FOUR** or **FIVE** starters.

When **THREE** or Less Starters, only win tickets will be sold.

INVESTORS SHOULD NOTE.

Every purchaser of a Ticket must satisfy himself that he has received the Ticket he applied for — as he knows what he wants — the operator does not — and every holder entitled to a dividend must see that he has his proper dividend before leaving the window, as no subsequent claim will be recognised.

OUTSTANDING DIVIDENDS.

Dividends not collected on the course may be collected subsequent to the Race Meeting at the Offices of Automatic Totalisators Ltd., Perpetual Buildings, St. George's Terrace, Perth, within 3 months from date of issue.
