DOUBLES / QUINELLA / FORECAST

True Double refers to the purchase at the same time of one ticket to record an investment on two horses — each horse running in a separate race.

An investment on two runners in one race to finish in ANY order is known as "Quinella" betting, or if in the CORRECT order "Forecast" betting, and both are "Combination betting."

DOUBLES RACES

Dividends will be declared on a concession basis of

1st Horse 2nd Leg 70%
2nd Horse 2nd Leg 30%

unless otherwise directed.

DOUBLES PRE-SELECTION TOTALISATOR

Doubles totalisator will operate on two consecutive races, viz., the first and second race, the second and third race and so on. The Double investors must ask for the number of the Horse they select as the first leg and the number of the Horse in the second leg, thus, "No. 1 and No. 4". It is important to mention first the number of the Horse in the first race, and second, the number of the Horse in the second leg.

When it is desired to purchase a ticket on one Horse in one race of the double and on all Horses in the other race of the double, the word "Field" is used to include all the Horses, and on the ticket appears as the letter "F". To obtain a ticket to include one Horse in the first race and all Horses in the second race of the double, ask for "No. 1 in the first race, the field in the second race" or if it is desired to couple all the Horses in the first race of the double with one Horse in the second race, ask for "the field in the first race, No. 1 in the second race." Double investors are reminded to hold their tickets until the dividend is declared.

LATE SCRATCHING

If before the Double Totalisator closes a late scratching occurs in either leg of the Double, and the horse scratched is not bracketed with another horse which is a starter the bet is off and the investor may change his ticket or claim a refund. If, after the First Leg of the Double and the horse scratched is not bracketed with another horse which is a starter the investment on the scratched horse shall be transferred to the On-Course favourite on the Doubles Totalisator.

QUINELLA TOTALISATOR

This Totalisator is for investors to invest in any selected race for the purpose of nominating the two Horses which shall be placed first and second in one and the same race irrespective of which Horse is placed first or which Horse is placed second in the race on which the Quinella operates.

Investors must ask for the numbers of the two Horses they select to fill first and second places, asking for the lowest number first.

FORECAST TOTALISATOR

This Totalisator is for investors to invest in a selected race(s) for Forecast betting for the purpose of nominating the two Horses which must be placed first and second.

Investors must ask for the numbers of the two Horses selected to fill first and second places with their first selected number first.

TRUE DOUBLES DIVISION RACES

- Select your combination(s) before approaching a selling Window.
- Units will be \$1.00.
- Brackets are NOT recognised unless in the same Division.
- For the purpose of these Doubles all numbers are treated as whole numbers.
- If the horse you selected carries the letter "A" or "B" next to the number ask only for the whole number. (e.g. 22A ask for 22).
- If you select the same number in each division ask for (e.g. 10 & 10).
- You must ask for the first division number first, followed by the second division number.
- REMEMBER.** For the purpose of these doubles, only both divisions are treated as separate races. Brackets are NOT recognised.
- If the horse you select wins the first division and the horse you select wins or runs second in the second division you receive a dividend.

ELECTRIC INDICATORS — WIN AND PLACE

Automatically calculated dividends for Win and Place betting will be shown on the Electric Indicators. Dividends are shown in two lines, with the Win Dividend appearing on the top line, and the Place Dividend on the bottom line.

Automatic Win and Place Lampboxes have been designed by the manufacturer to display dividends between \$1 and \$99 but the mechanism can show only one of 35 different dividends for any horse.

These 35 positions are as follows:—

\$1.0	\$1.1	\$1.2	\$1.3	\$1.4	\$1.5	\$1.6	\$1.7	\$1.8
\$2.0	\$2.2	\$2.5	\$2.7	\$3.0	\$3.5	\$3.5	\$3.7	\$4.0
\$4.2	\$4.5	\$5.0	\$6.0	\$7.0	\$8.0	\$9.0	\$10.0	\$12.0
\$15.0	\$20.	\$25.0	\$30.0	\$40.0	\$50.0	\$60.0	\$99.0	

Should the dividend be between these positions the lesser figure is shown.

For dividends between \$1 and \$4.50 a red strip will separate the dollars from the cents and numbers to the right of this red decimal strip will represent units of 10 cents, e.g. 4.5 = \$4.50.

CONDITIONS GOVERNING INTER-DOMINION CHAMPIONSHIPS

(1) MAXIMUM HANDICAP MARKS:

For both Pacing and Trotting events the maximum handicap marks will be as under:—

2,200 Metres	30 Metres behind
2,700 Metres	30 Metres behind
3,200 Metres	30 Metres behind

(2) RE-HANDICAPS:

The Handicapper shall not alter the handicap mark of any horse after the declaration of handicaps unless a horse appearing in the handicaps shall win an event exceeding \$N.Z.20,000 to the winner and then it will be within the power of the Handicapper to use discretion as to whether or not a penalty may be imposed, provided that any proposal to rehandicap shall be first referred to the Committee of the Controlling Body.

(3) FIXED HANDICAPS:

Once a Horse is handicapped for the Championships no penalty will be incurred in the Grand Finals as a result of any placed performance in a Qualifying Race.

(4) QUALIFYING RACES (or heats of same):

The aim of the Championships Programme Committee is that there will not be more than three heats (in the case of the Trotter's Championship, two heats) in any Qualifying Race and not more than 12 Horses in any one heat. The Committee reserves the right to vary these figures. Qualifying heats, First to Sixth inclusive for Pacers and Third and Fourth for Trotters will be run under Free-For-All Conditions.

The Pacers Free-For-Alls will be started from behind the Mobile Barrier.

Heats of Qualifying Races will be run as separate races and the Totalisator will open on each Heat separately.

Fields for the Qualifying Divisions will be selected from the final acceptors and preference may be given to Horses which have won at least 4 penalty bearing races at any Metropolitan track in Australia and New Zealand. However selection will be based on current form.

(5) POINTS SYSTEM:

Qualifying points for the Championships Grand Finals shall be awarded to each Horse actually starting and finishing a race of the Qualifying Divisions on the basis that the winner of a Race of a Qualifying Division will receive in points the equivalent of the number of Horses previously selected by the Auckland Trotting Club (Inc.) as the maximum number of Horses to compete in each race of the Qualifying Divisions. The second Horse in each Race of the Qualifying Divisions will receive the next lower number in points and the third Horses will receive the next lower number with each Horse actually finishing thereafter receiving in order one lower number in points than the preceding Horse until the last Horse finishing in a maximum field will receive one (1) point.

The winner of each race of a Qualifying Division will receive one (1) bonus point to be added to the points already earned by the winner of that race.

There will be no points awarded for fastest time.

A Horse that is scratched from a Race of the Qualifying Divisions or a Horse that does not complete a Race will not be awarded any points for that Race.

In the event of a scratching or a Horse not completing the Course, points will be awarded as before with the winner and other Horses finishing the Race entitled to receive their maximum number of points as if a full field had completed and finished the Course in that particular race.

In the event of a dead heat all points of the Horses dead heating shall be added together and equally divided among the Horses dead heating.

- (6) The twelve (12) Horses which gain the greatest aggregate of points shall be eligible to start in the Grand Finals, but should circumstances warrant such a course of action the Grand Council of the Inter-Dominion Conference shall have the power to increase the numbers of starters above the designated number and to select the additional starters.

In the event of two or more Horses each scoring equally the minimum number of points entitling them to be eligible for the Grand Finals and thereby producing a field exceeding the number designated by the Auckland Trotting Club (Inc.) or producing a field exceeding the safety number permitted for Alexandra Park Raceway, then the Grand Council shall decide in its discretion which of the Horses with equal points shall start in the Grand Finals.

The Championships Programme Committee shall be the sole judge of which Horses are entitled to start in the Consolation Races.

SPECIAL CONDITIONS GOVERNING INTER-DOMINION CHAMPIONSHIPS

- (1) All Races will be run and all proceedings in connection therewith conducted under the New Zealand Rules of Trotting and subject to these conditions and to the Regulations laid down by the Inter-Dominion Trotting Conference.
- (2) Subject to the previous consent of the President of the New Zealand Trotting Conference the Committee of the Auckland Trotting Club (Inc.) will have the right to:—
- Alter the order in which races on any Programme are advertised to be run.
 - Alter the limit, the stake, or any of the conditions of any of the Races.
 - Cancel the Championships events in which case all money received will be refunded.
 - Increase or decrease the number of Heats in the Qualifying Races or decrease the number of Consolation Races and amend the number of other events on the Programme.
- (3) The Committee of the Auckland Trotting Club (Inc.) reserves the right to reject the nomination of any Horse in which case the decision of the Committee will be final and binding on all parties.
- (4) The Committee of the Auckland Trotting Club (Inc.) reserves the right to select the Horses to start in the Inter-Dominion Championships.

(5) HANDICAPPING PENALTIES:

- All Qualifying Races (or Heats) and Consolation Races are penalty free in Australia and New Zealand.
- The Winners of the Grand Finals shall be penalised in accordance with the handicapping regulations of the respective Countries.

(6) HORSES ELIGIBLE TO COMPETE IN THE GRAND FINAL:

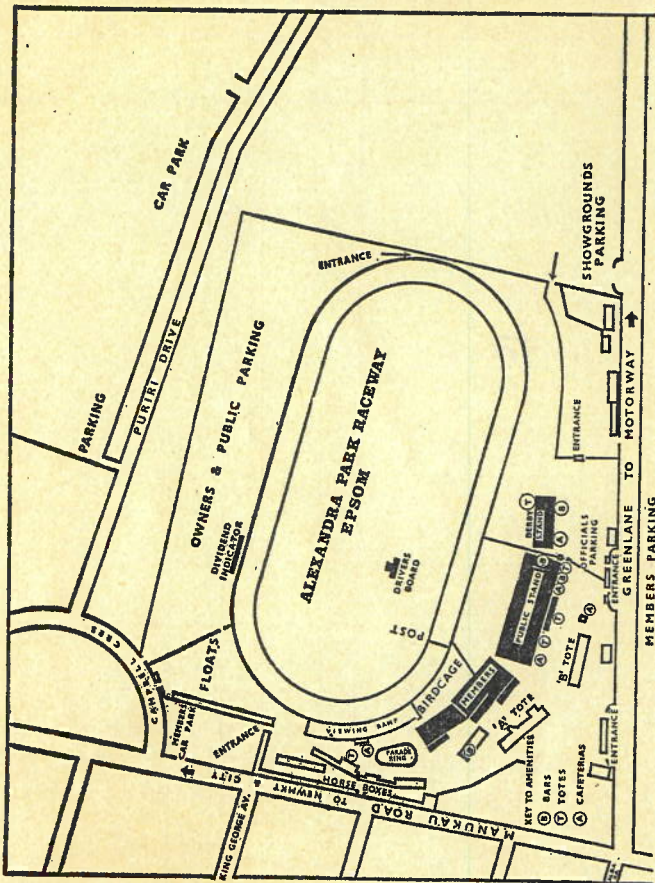

To be eligible to compete in the Grand Final Horses shall start in each Qualifying Race unless exemption is made by the Grand Council who shall decide upon each case according to its merit.
