## CONDITIONS GOVERNING INTER DOMINION CHAMPIONSHIPS

### MAXIMUM HANDICAP MARKS:

For both Pacing and Trotting events the maximum handicap marks will be as under:

2600 metres — 10 metres behind

3200 metres — 20 metres behind

### RE-HANDICAPS:

After handicaps have been declared for the Championship Events any horse so handicapped subsequently winning a race at any other meeting in Australia or New Zealand to the value of \$50,000 or more to the winner may be re-handicapped for the Championship events with the approval of the Executive of the New Zealand Trotting Conference. In no case other than the above stated will a horse's mark be altered after the declaration of handicaps, errors and omissions excepted.

### QUALIFYING RACES (Or heats of same):

(a) The aim of the Championship Programme Committee is that there will be not more than three heats in any Qualifying race and not be more than twelve horses in any one heat. The Committee reserve the right to vary these figures.

(b) In the event of the number of acceptors exceeding the number of horses permitted to start in the Qualifying races for the Championship the Championship Programme Committee shall select up to ten horses which shall be given the right of re-entry until 3 p.m. Monday, 5th March, 1979. No right of re-entry shall be given after this date.

Heats of Qualifying Races will be run as separate races and the Totalisator will be open on each heat separately.

### POINTS SYSTEM:

Qualifying points for the Championship Grand Final shall be awarded to each horse actually starting and finishing a race of the Qualifying Divisions on the basis that the winner of a race of a Qualifying Division will receive in points the equivalent of the number of horses previously selected by the New Zealand Metropolitan Trotting Club (Inc.) as the maximum number of horses to compete in any race of the Qualifying Divisions. The second horses in each race of the Qualifying Divisions will receive the next lower number in points and the third horses will receive the next lower number with each horse actually finishing thereafter receiving in order one lower number in points than the preceding horse until the last horse finishing in a maximum field will receive one (1) point.

The winner of each race of a Qualifying Division will receive one (1) bonus point to be added to the points already earned by the winner of that race.

There will be no points awarded for fastest time. A horse that is scratched from a race of the Qualifying Division or a horse that does not complete a race will not be awarded any points for that race.

In the event of a scratching or a horse not completing the course points will be awarded as before with the winner and other horses finishing the race entitled to receive their maximum number of points as if a full field had competed and finished the course in that particular race.

In the event of a dead heat all points of the horses dead heating shall be added together and equally divided among the horses dead heating.

The judge shall place all horses in a race according to the order in which their noses reached the winning post.

In each Qualifying Division the same number of maximum points shall be allocated irrespective of the actual number of starters and irrespective of the variation of the number of divisions on each day or night of racing.

The twelve (12) horses which gain the greatest aggregate of points shall be eligible to start in the Grand Final, but should circumstances warrant such a course of action the Grand Council of the Inter-Dominion Council shall have the power to increase the numbers of starters above the designated number and to select the additional starters.

In the event of two or more horses each scoring equally the minimum number of points entitling them to be eligible for the Grand Final and thereby producing a field exceeding the number designated by the New Zealand Metropolitan Trotting Club (Inc.) or producing a field exceeding the safety number permitted for Addington Raceway, then the Grand Council shall decide in its discretion which of the horses with equal points shall start in the Grand Final.

Points shall be allotted to all contestants in the Grand Final in the same manner as for a Qualifying Division. The points gained by each horse competing in the Grand Final shall be added to those already obtained by such horses in the Qualifying Divisions and to the horse which obtains the greatest total of points in the Qualifying Divisions and the Grand Final a stake of \$5000 shall be paid. In the event of two or more horses having an equal number of points after the Qualifying Divisions and the Grand Final, the stake of \$5000 shall be divided equally between them.

The Championship Programme Committee shall be the sole judge of which horses are entitled to start in the Consolation Race.

### HORSES ELIGIBLE TO COMPETE IN THE GRAND FINAL:

To be eligible to compete in the Grand Final horses shall start in each Qualifying Race unless exemption is made by the Grand Council who shall decide upon each case according to its merits.

## SPECIAL GENERAL CONDITIONS GOVERNING INTER DOMINION PACING AND TROTTING CHAMPIONSHIPS

- (1) All races will be run, and all proceedings in connection therewith, conducted under the New Zealand Rules of Trotting and subject to these conditions and to the Regulations laid down by the Inter Dominion Trotting Council.
- (2) Subject to the previous consent of the President of the New Zealand Trotting Conference the Committee of the New Zealand Metropolitan Trotting Club (Inc.) will have the right to:
  - (a) Alter the order in which races on any programme are advertised to be run.
  - (b) Alter the limit, the stake, or any of the conditions of any of the races.
  - (c) Cancel the Championships events in which case all money received will be refunded.
  - (d) Increase or decrease the number of Heats in the Qualifying Races and the number of Consolation Races and amend the number of other events on the programme to retain a maximum of nine races.
- (3) The Committee of the New Zealand Metropolitan Trotting Club (Inc.) reserves the right to reject the nomination of any horse in which case the decision of the Committee will be final and binding on all parties.
- (4) The Committee of the New Zealand Metropolitan Trotting Club (Inc.) reserves the right to select the horses to start in the Inter Dominion Championships.
- (5) **Handicapping Penalties:**

Winners of Inter Dominion Championship Qualifying Division races, Consolation Race and the Grand Final shall be penalised in accordance with the Handicapping Regulations of the Country in which the horse races.
- (6) Wherever a scratching occurs after the barrier draw of a Division, Consolation or Final, no horse shall change his barrier position or line because of such scratching, provided that where a scratching does occur on the front line horses shall have their positions adjusted so as to close up all gaps left by the scratchings.

## DRIVER OF THE SEASON

ADDINGTON RACEWAY 1978-79

(22nd July, 1978 to 25th May, 1979)

WINNER \$250 SECOND \$100 THIRD \$50

Challenge Trophy to be presented and held by the winning Driver for 12 months.

The UDR System might look complicated but it's not.

Based on the formula used in baseball in America, the UDR System is designed to ascertain the most consistent driver rather than the one who wins the most races.

To work out his rating just:—

Multiply his starts by nine.

Multiply his wins by nine.

Multiply his seconds by five.

Multiply his thirds by three.

Combine the totals for wins, seconds and thirds and divide it by the number of starts.

The formula makes two seconds worth slightly more than one win, a second and a third worth just less than a win and three thirds an equal amount as one win.

The UDR table up to and including racing on February 17th (20 drive minimum):
