LAP BELL: As a warning to drivers the lap bell will be sounded when the field has one more round of the track to go.

SIREN: A siren will be sounded when the Judicial Committee conducts any hearing that may affect the result of a race. Patrons are warned against destroying totalisator tickets until at least FIVE MINUTES after the running of each race, or until payment of dividends has actually been commenced.

INDICATOR LIGHTS ON WINNING POST

ORANGE — Indicates that the starter has been notified to commence the race in 1½ minutes.

RED — Indicates that the starter has permission to commence the race.

UNRULY HORSES: If the letters UR appear in place of the barrier draw it means that, that particular horse has been declared unruly by the Stipendiary Stewards and such horse shall start a second line on the extreme outside from behind and clear of the front line horses. If there are other horses on the second line the horse or horses so declared unruly shall start on the extreme outside of the second line and clear of the front and second line horses.

BREAKING HORSES: As a general principle, when a pacer or trotter breaks during a race, the driver must immediately return the horse to its correct gait and where possible take the horse clear of the field.

The Stipendiary Stewards may fine or suspend any driver who fails to take such action and disqualify any horse which in their opinion has gained an advantage by breaking.

Where the Stipendiary Stewards decide that any horse by breaking at or near the finishing line gained an advantage that enabled it to run into a place before any other horses in the race, they shall relegate the horse gaining the advantage behind such other horses.

UNDER DOLLAR DIVIDENDS: The attention of patrons is drawn to the following notice which appeared in the New Zealand Gazette on 18 December, 1980:-

"Pursuant to sections 44A and 98A of the Racing Act 1971 (as inserted by the Racing Amendment Act 1980) the Minister of Internal Affairs hereby notifies for public information that the requirement on Totalisator Clubs and the Totalisator Agency Board to pay out by way of dividend in respect of any bet on which a dividend is payable shall not apply in respect of place betting on any race when an amount equal to 60 percent or more of the gross investments in the place pool is invested on any one of the horses or greyhounds filling a dividends-earning place in the race."

Warning: Patrons are warned that as a consequence of the above notice the possibility exists that place dividends in respect of strongly-invested starters will not be made up to \$1.

- Points shall be awarded to each horse actually starting and finishing a race of a Qualifying Division on the basis that the winner of a race of a Qualifying Division will receive in points the equivalent of the number of horses previously selected by the Auckland Trotting Club as the maximum number of horses to compete in each race of the Qualifying Divisions. The second horse in each race of the Qualifying Divisions will receive the next lower number in points and the third horse will receive the next lower number with each horse finishing thereafter receiving in order one lower number in points than the preceding horse until the last horse finishing in a maximum field will receive one (1) point.
- The winner of each race of a Qualifying Division will receive one (1) bonus point to be added to the points already earned for that race.
- There are no points allocated for fastest time.
- A horse that is scratched from a race of the Qualifying Division or a horse that does not complete the race will not be allocated any points for the race of that Qualifying Division.
- In the event of a scratching or a horse not completing the course, points will be allocated as before with the winner and other horses finishing the race entitled to receive their maximum number of points as if a full field had competed and finished the course in that particular race.
- In the event of a dead-heat all points of the horses dead-heating shall be added together and equally divided.
- The Judge shall place all horses in a race according to the order in which their noses reached the winning post.

FRIDAY, MARCH 1st, 1991
STIPENDIARY STEWARDS PRESS REPORT**

RACE 1 — INTERNATIONAL CLASSIC SERIES TROTTERS FINAL

Apart from Call Me Chiola the rest of the field broke at the start or during the running.

RACE 2 — INTERNATIONAL CLASSIC SERIES FILLIE FINAL

There was a slight delay to the start of this event when the starter had to restart one of the arms on the mobile gate. Chaterm Up broke shortly after the start causing a check to Atomic Lace. Evamay broke after 300m causing a slight check to Went Overboard. Atomic Lace tangled again with 900m to run. With 350m to run Precious Gift broke. Following the race a complaint was lodged against M. Purdon (Precious Gift) on the grounds of careless driving causing his own horse to break. After hearing from the Stipendiary Stewards, M. Purdon and viewing the video, it was the unanimous decision of the Committee that M. Purdon was guilty and he was fined \$300.00.

RACE 3 — INTERNATIONAL CLASSIC SERIES FILLIES CONSOLATION

Motoring Miss broke shortly after the start and after 250m Tricky Singer broke and ran in causing a check to Donna's Maid. After 500m Breakthrough broke.

RACE 4 — BARON SECURITIES MOBILE PACE

After the field had travelled approximately 500m, Soky's Belle, which was racing one out without cover, paced roughly, broke and ran in causing a check to Mac Express, which fell. Soky's Belle then ran out severely disrupting the rest of the runners in the race. Following the event the connections of Soky's Belle were informed that the horse had been declared ineligible for all totalisator and stake races until such time as it has failed to the satisfaction of a Stipendiary Steward on four occasions. Favourite Alberton Fair was examined by the Club's Veterinarian following this race as the horse had a swollen knee and the Veterinarian was of the opinion this was caused by a broken blood vessel during the race.

SMOKEFREE FIRST PACERS QUALIFYING HEAT

Following the running of this event R.T. May was questioned regarding the racing of Field Commander just after the barrier was released which caused his horse to lose several lengths before settling. He advised and it was confirmed that Motor Power and Thorate had moved in at the same time as Starship was running out and as a result Field Commander had to be taken hold of. An objection was lodged against the first placing being awarded to Two Under on the grounds of interference to Starship with approximately 400m to run. After hearing the evidence from the Stipendiary Stewards, V.J. Knight, R.J. Brosnan and viewing the videos, it was found that Two Under, which had been in the lead, ran out approximately two sulky widths from the fence down the back straight for the last time and this allowed R.J. Brosnan to drive Starship through on the inside. However, as they came to the bend Two Under came back down and as a result Starship was severely checked breaking and losing several lengths and Thorate, which was in behind, was also broken up. It was therefore decided to relegate Two Under from first to last behind Thorate. It was also decided to suspend V.J. Knight's horsemans licence up to and including 9th March, 1991.

RACE 6 — FRANKLIN TROTTING CLUB (INC) FIRST TROTTERS QUALIFYING HEAT

Evander Rose, Midlands Del, Game Paul and White Horse Pride broke shortly after the mobile was released while Hickory Stick broke on two occasions round the top bend.

RACE 7 AIR NEW ZEALAND SECOND PACERS QUALIFYING HEAT

K.J. Harrison, the trainer of Dare You To, was questioned regarding the instructions he had given to R.T. May for the horses barrier position. He advised that he considered that Mr May may have misunderstood him as he was completely confident that his horse would race in any barrier position allotted to him. The only thing he advised the Committee was that his horse had never been trained to parade prior to a start and therefore considered it would be impossible for him to adopt the methods used in New Zealand. With approximately 400m to run Lookahead began to stop quickly and as a result B. Mangos attempted to move off this horse back but hooked wheels with Blossom Lady which had Surmo's Dream on the outside. As a result Gale Fella also received a slight check.

RACE 8 — GREENLANE TOYOTA THIRD PACERS QUALIFYING HEAT

Following this event R.T. May was fined \$100 for hitting a wheel causing his horse to break when attempting to come off the back of Franco Ice. H.W. Skinner was questioned regarding the racing manners of Honkin Vision. He advised that the horse had begun to hang with approximately 900m to run. He then pulled the ear plugs and the horse straightened up down the back, but again began to hang badly round the top bend with 400m to run, but when Inky Lord broke in front of him, he had to take hold of his horse and as a result, almost went over the hub rail. As he advised the Committee he considered the horse was not showing any ill effects from its previous quarter-crack injury, but would still have it examined by the Club's Veterinary Surgeon, he was informed that an official vet's certificate would be required prior to it racing on Wednesday night. An application was made by V.J. Knight to remove Almela Boy from the unruly list and this was granted.

RACE 9 — KUMEU DISTRICT TROTTING CLUB (INC) SECOND TROTTERS QUALIFYING HEAT

Following this event a complaint was lodged against C.J. Butler (Rebecca Bret) on the grounds of interference to Yankee Loch (J.F. Curtin) which broke with approximately 250m to run. After hearing the relative evidence, it was found that Guardian Angel which Rebecca Bret was following, trotted roughly round the top bend the last time and almost broke and C.J. Butler changed direction with his horse in an attempt to avoid Guardian Angel and as a result Yankee Loch was squeezed up. It was therefore decided to dismiss the complaint. Gee Du Jour broke shortly after the start while Le Duc broke during the running.

RACE 10 — WISES DIRECTORIES MOBILE PACE

Go For Broke tangled badly in the run up, losing approximately 20 lengths but caught the field after 1000m. The connections were subsequently warned to improve this horses racing manners. P.T. Blanchard and P.E. Simpson, the trainers of Resolute Poplar, were fined \$100 for faulty gear when this horse dropped a front hoppel and as a result broke checking King Strike with approximately 150m to run.

SCRATCHINGS FROM INTER-DOMINIONS

Franco Gold, Hayden Bromac, Franco Glide, Amendment, Carden Court were all declared ineligible to race for a period of 8 weeks from today as per Regulation 27(b) of the Inter-Dominion Championships.

PRE-RACE BLOOD TESTING

HOW WE SEE THE FIELD

An absence of exposed form makes this a rather tough mission and it could help BUTLER'S RAVINE into prominence. The Blanchard/Simpson trained filly did go a fair race in her only trial so far and the inside draw is seen to be of some help. The Southern pairing of TALK ABOUT ROYAL and SWIFT GOLD have presumably shown enough to warrant this trip but the better prospect may be MARK BUTLER as he did go well when tried on course at trials last week. In the same heat, ROUGH AND SMOOTH finished a game second and he too may prove a better chance than some think. DELVING ATOM, likewise, has placed trial performance to back her claim while TIGERISH and JOLLY JOSEPH are two with winning trial form in credit and had either draw better, they could then have been backed with a degree of confidence.

HOW WE SEE THE FIELD

The opening race of the TAB treble is expected to provide THORATE with a chance to gain valuable points. The defending champion was taken out of proceedings at a vital stage on opening night and that lapse of form is deemed to be totally misleading. Beforehand, THORATE had been wonderfully consistent and this does look to be his for the taking. Running out of a handy draw may help CHUIN to redeem lost glory and the improvement in barrier position will ensure that NIGHT COLT is even more competitive. The Canadian went super well when debuting on course and the sprint conditions are going to be right up his alley. INKY LORD, backed and beaten on night one, was another who had reason for defeat and he is clearly too great a talent to overlook. IT'S MOTOR POWER, likewise, is a recognised talent and while he had luck on his side last Friday, his was still a good performance nonetheless.

WHO'S PAYING FOR SPORTS SPONSORSHIP?

Where tobacco concerns are investing in sponsorship, the price is often paid by young New Zealanders.

The Health Sponsorship Council's Lifespan programme has been set up to end that contradiction.

And to assist tobacco sponsored organisations as they move into a healthier future.

Over the next few years, Lifespan proposes to phase out tobacco sponsorships and, wherever necessary, replace them with its own support.

It's a small price to pay for a healthy New Zealand.

HOW WE SEE THE FIELD

First night form offers the best guide for the second race of the TAB treble and most will no doubt be wondering whether or not DAVID MOSS can be beaten? On form shown of late, it seems close enough to an impossibility that he will be an also ran for the barrier draw has only served to enhance his claims. YANKEE LOCH, prior to a first night lapse, had raced well and it is that form which should be taken as a guide. Each way bettors, however, will no doubt be drawn to side of the VICTORIAN, LENIN, as he did go a super race when running into third on Friday night. At the same meeting, JOE JUNIOR also went well enough to again earn respect but the better prospect may be MOUNT CARGILL as he will be reunited with Maurice McKendry and that has been a fairly sound combination in the past. Of the remainder, IDLE SCOTT appeals most as he is as tough as old boots and far better than a first night sixth may indicate.

HOW WE SEE THE FIELD

Having four last start winners among the starting line-up does make this the tricky leg of the TAB treble. At two, BUTLER'S FIRST has obviously fared the best and if he races up to Waikato form, the opposition will be kept very busy. RULING FELLA, a big disappointment last time out, is to be accorded some consideration as are the recently placed pairing of SUPER FUEL and MULTIPLY. At nine, STRAIGHT LINE is drawn to need luck on his side and the Australian visitor BUTLER'S CHORE, is not a lot better off. He is, however, said to be very smart and with the run through, may well make things interesting. SOKY'S BEAU, likewise, only needs a little early luck to maintain his workrate and those who leave BOLD SOKY out of combinations will be running a huge gamble indeed.

HOW WE SEE THE FIELD

If ALMETA BOY manages to use his rail draw to advantage, there could be upset in the TAB double opener. Previously positioned on the unruly list, ALMETA BOY has at times shown real class and if THE BRU CZAR leads, as expected, the Australian will end up with a good trip. Whether he can match THE BRU CZAR is, of course, another matter. He looked very strong at the opener and this is a distance over which he excels. LORD LENNY, a luckless runner on Friday, is the one for odds. He was going very well when taken out of proceedings on the home turn and the fact he also sprints well is a plus. STARSHIP also encountered traffic problems and he is to be given every consideration but as an each way proposition, CHRISTOPHER VANCE does appeal more. Among the best at this level, CHRISTOPHER VANCE has been disadvantaged by the draw but he does have the ability to counter. So does ROWLEYALLA, it seems, as his finishing run on Friday was one out of the box.

SUPPORTING THE ARTS SHOULDN'T COST A PACKET.

New Zealand cultural groups have been grateful to accept money from whoever has offered it.

Some of that money has been provided by the tobacco industry. But at a price.

Through tobacco sponsorship, much of the cost of supporting many arts projects is met by young people who end up buying the sponsor's product.

And pay for it with their health.

The Health Sponsorship Council's Lifespan programme has been developed to eliminate the need for such a source of funds. And to assist tobacco sponsored organisations as they move into a healthier, tobacco-free future.

The cost of matching such sponsorships will, where necessary, be met by Lifespan.

It's a small price to pay for a healthy New Zealand.

HOW WE SEE THE FIELD

Having the hotpot drawn awkwardly could allow TABAGO the chance to improve on a first night third. The Ashburton trotter shaped well over the shorter distance and it is worth noting that 3 of his seven wins have been at 2700 metres. GAME PAUL, the beaten favourite, on Friday is the problem runner. When caught in the mood, he is very good but as indicated last time, he also has the tendency to be all but hopeless. This distance, however, will suit and the inside draw may help as well. GEE DU JOUR, a good fifth at the opener has to be considered and if DIRECTORSHIP were to give his best, he would test all in this line-up. As betting medium, however, LYN'S CHOICE makes a lot more appeal for she has been racing very well in recent times and her first night fourth was an encouraging effort. GLENFIELD GIRL, by comparison, faded badly and it just maybe that the Victorian visitor was in need of that run. She will need to be at peak just the same for SUNDON won with authority on night one and WILLIAM DEE also impressed, which in turn tends to make this pair as good a quinella pairing as any.

HOW WE SEE THE FIELD

Having the World Driving contingent involved makes this a tough challenge and best perhaps to stick with form. One who cannot be left out is the promising EVADO, who in two starts has been right among the action, and looks to be the type that will only improve with racing. That has not been the key to FEAST OF FUN but the Wolfenden trained gelding did race like an improver last time out. SOLO'S PRIDE, by comparison, found an outside draw too tough in his latest appearance but prior form had suggested that he is destined to leave this grade in the near future. LAWLESS LAD obviously has the ability to do likewise and if GEORGE MACFIE regains the field, he could be the shot for worthwhile odds. GRIME FIGHTER and FRESH FIELDS are two that are on the fringe of improved form and if SMART INVESTMENT can strike the right run early, he is almost certain to return a dividend.

HOW WE SEE THE FIELD

First night form makes MARK HANOVER and FRANCO ICE seem a special quinella. The pair are four-year-old's of real quality and it is fair to expect that MARK HANOVER will be well served in the running. Particularly so if FRANCO ICE adopts a front running role and should this eventuate, this finish could be a feature of the night. Sorting out a trifecta will then become the challenge and TIGHT CONNECTION is a must for combinations. He never got into the race on Friday but the strong chestnut was working well at the finish and not too much notice should be taken of his final placement. DARE YOU TO, at 10, will need a little luck in his corner but as he is such a proven force in sprint competition, it would be unwise to take the American lightly. DEFOE, also, knows what the sprint game is all about and as he has been so consistent of late, it would be foolish to pass this runner by.

HOW WE SEE THE FIELD

The in form pairing of CAMARA VANCE and SLY LOBELL look as good a combination as any for those wanting a quinella result in the second heat for the World Drivers. CAMARA VANCE is a handy filly who has an excellent strike rate at this distance and SLY LOBELL seemingly has the gate speed to make good this opportunity. There will be some opposition, though, as END THE BATTLE teams with Maurice McKendry and that rather shapes as a powerful combination. ASTRAL BAY, a fresh runner, does have the zip to be prominent an the consistency of both STABILIZER and FERN GLEN is reason enough to give support.

HOW WE SEE THE FIELD

Only the game will be on anything other than THE PHOENICIAN in the "getout" stakes and here again most interest will be found in seeking out the right combinations for the various exotic pools. JUDICIAL, from the Dunn stable, is one to consider and RING THE BUTLER another who is better than form indicates. Having qualified in good style, BALTHAZAR should not be taken lightly and if REGAL CRESCENT is among the starting line-up, he will no doubt be a more popular choice than most. Not that he is likely to stop THE PHOENICIAN from starting white hot. Winner of three trials, THE PHOENICIAN has in the process run a mile in 2:03 and there are very few in this line-up that look up to going any quicker. A possible exception is DRIZZABONE but unfortunately he has yet to fulfil the promise shown.
